5. Received a call from Mr. Ralph Preston, House Appropriations Committee staff, who told me that Representative William E. Minshall (R., Ohio) is starting plans for a trip to the Far East during the recess and will want to meet with Agency representatives while he is in the field. Department of Defense is handling the travel, but apparently there will be limited contact with Defense people in the field. Representative Minshall has requested no publicity and that notification to Agency people in the field be handled in a discreet manner. Mr. Preston will provide more detail as soon as it is available. I told Mr. Preston that Mr. Maury plans to be in direct contact with Representative Minshall next week.

of DDS&T on detail to the Subcommittee staff. I explained to Mohr that [REDACTED] is now occupying a key position and would be extremely difficult to spare. I said we had other highly qualified candidates and would like to be as helpful as possible. Mohr said that they would need help for a period of six to eight months, they were depending on the Executive Branch to supply personnel, and Mr. Mahon expected the full support of Executive agencies. I said I would take the matter up with the Director and advise.

Discussed the above with Ralph Preston, Staff Assistant, House Appropriations Committee, who confirmed the importance the Chairman placed on getting the best possible personnel from Executive agencies for the work of the Survey and Investigation staff.
